

PRODUCT GUIDANCE SHEET

WATER SOFTENER

OVERVIEW:

Blend of chelating agents to add to wash and rinse waters to remove calcium and magnesium ions. Reduces scaling and water spotting and improves the cleaning process.

APPLICATIONS:

For use in pressure washers and water boiler systems.

DIRECTIONS FOR USE:

Recommended dilution 0.5 – 1.0% in cleaning solution at application point. Where applicable, dilute water softener in accordance with dosage requirements of pre-set metering system.

HEALTH & SAFETY:

NOTE: COSHH assessments should be performed in line with current legislation to determine the required precautions.

WARNING

Suspected of causing cancer.
Keep out of reach of children.

IF ON SKIN: Wash with plenty of soap and water.

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

See MSDS for further information.
