PRODUCT GUIDANCE SHEET

AP2001

OVERVIEW:
A highly concentrated and versatile multi-surface cleaner. Formulated to be diluted as required for a myriad of applications including degreasing of parts and machinery; floor and hard surface cleaning; automotive exterior and interior cleaning; fabric and upholstery cleaning and even for cleaning kitchens and bathrooms.

APPLICATIONS:
AP2001 can be used on hard surfaces including stainless steel, painted metals, fibreglass, plastics, vinyl, rubber, concrete, brick, stone and also on fabrics such as vehicle upholstery, headlining and carpets.
Also works well for Black-Streak removal from caravans and motorhomes.

DIRECTIONS FOR USE:
AP2001 can be used with a pressure washer for effective cleaning and degreasing of vehicles and chassis, large machinery, concrete yards, etc. Rinse well with clean water after application.

AP2001 can be used with a mop for hard floor cleaning at a dilution of up to 1: 100.

AP2001 can be used for wipe or spray-on and wipe-off cleaning at a dilution of up to 1: 50 for cleaning and degreasing of machinery and parts. Also use this way for cleaning furniture, dashboards, engine bays, interior and exterior plastics and headlinings.

AP2001 can be used to clean upholstery and carpets at a dilution of up to 1:100. Apply via a spray or cloth and work into the surface using a cloth or soft brush, rinse or wipe with clean water several times, allow to dry then vacuum the surface. Very useful for treatment of heavy stains in vehicle interiors.

HEALTH & SAFETY:
NOTE: COSHH assessments should be performed in line with current legislation to determine the required precautions.

WARNING
Causes skin irritation.
Causes serious eye irritation.
Keep out of reach of children.
IF ON SKIN: Wash with plenty of soap and water.
IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
See MSDS for further information.
