

PRODUCT GUIDANCE SHEET

BRAKE & CLUTCH CLEANER

OVERVIEW:

A non-chlorinated solvent blend, formulated to quickly and safely remove brake fluid, grease, oil and other contaminants from brake and clutch parts. Helps brakes last longer and perform better. Reduces disc-brake squeal and clutch chatter. Can be applied without disassembly. Saves time and reduces maintenance costs. Evaporates quickly and leaves no residue. Stable, non-staining and non-corrosive to metals. Safe on most plastics, coatings and rubbers (test prior to use).

APPLICATIONS:

General cleaning and degreasing of all brake, coupling and drive parts, as well as starters, alternators, carburettors, fuel pumps, and engine parts. Also works great as an electrical cleaner for degreasing and de-fluxing electrical components and assemblies.

DIRECTIONS FOR USE:

Use as supplied. Apply by spray or cloth. Do not apply to hot surfaces. Allow to dry completely.

HEALTH & SAFETY:

NOTE: COSHH assessments should be performed in line with current legislation to determine the required precautions.

DANGER

Highly flammable liquid and vapour.
May be fatal if swallowed and enters airways.
Causes skin irritation.
May cause drowsiness or dizziness.
Toxic to aquatic life with long lasting effects.
Keep out of reach of children.
Keep away from heat/sparks/open flames/hot surfaces.
No smoking.
Keep container tightly closed.
Take precautionary measures against static discharge.
Use only outdoors or in a well-ventilated area.
Avoid release to the environment.
Wear protective gloves/protective clothing/eye protection/face protection.
See MSDS for further information.
