PRODUCT GUIDANCE SHEET

CHEMICAL TOILET WASTE TANK ADDITIVE

OVERVIEW:

Traditional blue additive for chemical toilet waste tanks. Combats odour and reduces any gas build up by preventing bacterial growth, helps break down solid matter for easier emptying. Strong lemon fragrance to mask unpleasant smells. Mainly used in Caravans, Motorhomes and Boats.

APPLICATIONS:

For use in most chemical toilet waste tanks both portable and built-in.

DIRECTIONS FOR USE:

Add 50ml of additive for every 10 litre of waste tank capacity, for larger tanks pre-mix this with about 1 litre of clean water then pour into tank to help disperse the additive.

HEALTH & SAFETY:

In compliance with EC regulation No. 1272/2008 and its amendments, this mixture does not present a physical hazard.

See MSDS for further information.

ISO: 9001:2008 Certified (Registration Number: 78671241034)

Co Registration Number: 7432817

Vat No: 102 4819 46
